

## Switching Power Supply MWPSSRSM1.2

### FEATURES:

- Continuously power control
- High efficiency
- Single power supply
- Standard ripple output
- Aircooled
- Prepared for operation with magnetron head 1200W/2450MHz (for example Compact head MH1250S-210BB)

### SPECIFICATIONS:

- HF-Power output 1200 W max. adjustable from 10-100%
- Power supply : 3-phase 400V / 50/60Hz
- Auxiliary supply : 230V / 50/60Hz
- Cooling : internally air cooled

- Assembly : Plug-in case 19" , 3 Units height, depth 460mm
- Operation :
  - Interface CAN
